

# How Unisys aligns with Microsoft

## Azure security and compliance

Delivers industry-leading Zero Trust security offerings for client cloud-native and hybrid workloads running in the Azure cloud.

## Seamless collaboration

Maximizes workforce productivity with managed services for Microsoft 365, Teams and Copilot.

## ClearPath<sup>®</sup> on Azure

Transitions, hosts, and modernizes ClearPath environments to the Azure public cloud without disruptions or changes to applications.

## Managed cloud solutions for Azure

Provides cloud migration, modernization, 24/7 support, automated governance and compliance, and cost optimization.
